

Peace of Mind...

Let us help you find it with our new preventive maintenance program. For one low monthly fee we will:

- Update your Microsoft software
- Verify the operation of your backup procedures
- Ensure that your antivirus software is up to date
- Inspect the condition of your server and workstation hardware.

Optional Services Available:

- Seven day per week, 24 hour monitoring of:
 - Server Availability
 - Network Hardware
 - Internet Connectivity
 - Individual Workstations
